Corporate News:

Trans-Asia Oil and Energy
Devt (TA) has been awarded three

hydroelectric power projects by the Department of Energy: a 300 MW project in Rizal; 10 MW in Ilagan, Isabela; and 10 MW in Buguias, Benguet. The contracts will have a two-year pre-development stage which will then move, upon approval by the DoE, to a 25-year development stage. **Hold.**

Philex Petroleum Corp (PXP)

unit Forum Energy Plc has been granted by the DoE a drilling extension for petroleum in the West Philippine Sea under the Service Contract 72. Forum Energy will drill two appraisal wells in the contract area which may start in 1Q16. The DoE is accelerating the drilling prospects in the West Philippine Sea as the natural gas reserves in Malampaya field, also located near the area, is projected to run out after 10 years. While this is a positive development for PXP, any development in the area may be disrupted by brewing territorial tension between Philippines and China. Trading Buy.

Philippine Long Distance
